at the Northborough Historical Society*

A free-will donation is appreciated.

Robin Jubenville, a Massachusetts native, has endeavored to become a concert organist since her teen years. After an engineering career, thirty-five years as a church organist, and raising four children with her husband, it is finally time for her to follow her dream.

Robin currently teaches piano through Metro Music, she founded in 2013. Her organ teachers have included Steve Long, James Christie, and Brink Bush.
